Course Descriptions

SAILING CAMP

Sailing Camp is designed for the beginner and intermediate sailor. Each student will receive specific instruction customized to his/her experience level. Topics will include boat parts, boat safety, and basic boat-handling skills. During these classes, instructors are generally in the sailboats with students. Students may receive training/instruction in a variety of boat types, including Optimist, X Scows, 420 Class and Hobie type boats.

Week 1 June 16-19

Week 2 June 23-26

Week 3 July 7-10

Week 3 (Afternoon) July 7-10

Week 4 July 14-17

Register Now!

Location

All classes are held at the Clear Lake Yacht Club facility at 103 Main Avenue, Clear Lake, Iowa. The phone number is (641) 357-8001.

What to Wear

- **Lifejacket (required):** US Coast Guard Type III or higher that fits properly. Students must wear their lifejackets while on any dock and while aboard any sail or power boat during school hours.
- **Shoes (required):** We recommend boat shoes, aqua-socks, sneakers, boating sandals (Tevas, etc.) or other soft-soled shoe that will not leave marks on the boats, are made to get wet, and will not easily fall off the student's feet.
- **Sunscreen, hat and sunglasses:** Please remember to have your child put on sunscreen *before* coming to class.
- **Swimsuit & towel:** Expect to get wet. Bring or wear swimsuit. Bring extra layers for chilly days.

Rules of Behavior

Key rules include the lifejacket shore-to-shore policy, no running on the dock, and no leaving the facility grounds

when on shore during class. All additional rules will be explained on the first day.

Water Safety Assessment

All students will be given a swimming check. This will allow the instructors to assess each student's swimming abilities. The check will be with and without lifejackets on, and will include

- Swimming 50 yards unaided.
- Treading water for 1 minute.

Children will also be given a water orientation to learn self-rescue.

Bad Weather

Class will NOT be cancelled due to bad weather. When the safety of the students is threatened by weather, indoor sailing-related activities are implemented. When no-wind days occur, outdoor sailing-related activities are complemented by other activities such as swimming and volleyball.

Parent Communication

Please direct any questions or concerns to a member of the Sailing School board:

- Dan Allen, President: (641) 357-0093
- Andi Tisor (515) 554-2013

NOTE: The Sailing School reserves the right to assign students to the class appropriate to their abilities and to limit class size. Descriptions, dates, times, and costs for specific levels and sessions are listed on the next page.

Family Fun Nights

Let your young sailor show what he or she has been learning while you enjoy the company of other Sailing School families! Instructors will run a few short races, weather permitting. More details, such as start times and what to bring, will be shared with students during each session. **THESE DATES WILL BE ANNOUNCED!**
